

## Aircraft Electrical Systems for Pilots

The presentation is directed to pilot to better understand how electrical systems work. This understanding will help pilots recognize and diagnose electric systems.

**Directions:** Exit I-94 at State Street. Turn south and go to the first light. Turn right on Airport Drive and take it to the very end. The terminal building is next to the tower.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
